

## Index of Defined Expressions

1. This index provides a guide to words or expressions which are defined generally and so liable to be met in provisions which do not themselves contain the definition.
2. Where a term is used only in one Rule (or in a series of closely connected Rules), the definition will be set out in that Rule. Always check the Rule itself before looking at this index.
3. Where a term is used in more than one place, it will start with a capital letter. The second column of this index tells you where you can find the substantive definition.
4. This index is not part of these Rules.
